DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in EPO on 22 June 2000. It is noted, however, that applicant has not filed a certified copy of the 00830438.8 application as required by 35 U.S.C. 119(b).

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 13 January 2010 has been entered.

Amendment

3. Acknowledgment is made of applicant's amendment, filed 13 January 2010. The changes and remarks disclosed therein have been entered and considered.

Claim 57 has been cancelled by the amendment. Therefore, claims 33-51, 53-56 and 58-102 remain pending in the application.

Election/Restrictions

4. Claims 33-49 and 63-95 were previously withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to nonelected species, there being no allowable generic or linking claim.

In the reply filed on 16 March 2009, because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election **without** traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 33-49 and 63-95 directed to species non-elected **without** traverse. Accordingly, claims 33-49 and 63-95 have been cancelled.

EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 33-49 and 63-95 have been cancelled (see the Election/Restrictions section above).

Allowable Subject Matter

6. Claims 50, 51, 53-56, 58-62 and 96-102 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 50 (and its dependent claims), the prior arts of record do not disclose or suggest, in combination with all other limitations in the claim, a multiplexer selectively connecting said input/output terminals to said additional memory and to said non-volatile electrically programmable memory (said additional memory storing a plurality of microinstructions for controlling said electrically programmable non-volatile memory).

Regarding claim 96 (and its dependent claims), the record of the prosecution as a whole makes clear the reasons for the indication of allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. H. Hur whose telephone number is (571) 272-1870. The examiner can normally be reached on M-F 8:00 AM - 4:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on (571) 272-1869. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
